Project is moving forward. He has looked at the right-of-way maps. The right-of-way appears to be in the middle of the ditch. They also have some positions open on the committee due to resignations by Susan and Debbie. He stated that the committee has received 3 applications for the Main Street Manager's position. He would like to have some input from the commission on the applications and hear the committee's opinion after interviewing the candidates.

Mr. Deapen would like to have an update on AT&T. They will be on the job in 2 to 3 weeks. He also inquired about the ditch project. Does the commission want Main Street to still bring them ideas? The mayor and Commissioner Ingram stated that they would like to continue to hear ideas. Commissioner Nation wants to make sure that grant funds are still utilized.

Mr. Deapen would like to request an office for the Main Street Manager. The Chamber of Commerce has offered part of their office space to Main Street.
